November HOOrs c Ope Signs

Scorpio- October 23 to November 21

Elusive and mysterious, Scorpio is one of the most misunderstood signs of the zodiac. Scorpio is a water sign that uses emotional energy as fuel, cultivating powerful wisdom through both the physical and unseen realms. In fact, Scorpio derives its extraordinary courage from its psychic abilities, which is what makes this sign one of the most complicated, dynamic signs of the zodiac.

Sagittarius- November 22 to December 21

Ruled by the expression, "go big or go home", Sagittarius is represented by the Archer and knows no bounds. This fire sign launches into many pursuits like a blazing arrow, chasing after geographical, intellectual, and spiritual adventures. Sagittarians are the final fire sign of the Zodiac, and their lofty spirit is unlike any other. They are a heady blend of passion, curiosity, intensity, adaptability, and are also wildly optimistic.
